

# *Ocean of Wonders*

The turquoise ocean glimmers like sparkling diamonds  
A world of wonders that sea creatures call home  
Treasures buried in the sand and beautiful shells rolling in the waves  
Dolphins jumping far into the horizon  
Fish swimming through castles made of coral  
Eels hiding away beneath the rocks  
Sunsets painting the sky with colours of pink and orange  
Twinkling stars blowing kisses goodnight while the ocean sings its lullaby
